## EXPERIENCE:

### Instructional Designer II Academy of Art University San Francisco, CA

March 2005 – Present

Developed web-based classes under strict deadlines using front-end production and design skills. Translated the artistic and professional talents of the Academy's faculty into an online learning format. Merged instructional design, creative problem solving and web expertise with strong production, design and project management skills. Assessed and enhanced the instructional value of class content while simultaneously assembling it into a cohesive and compelling user experience.

### Web Technician and Associate Programmer NASA Ames Education Department Mountain View, CA

June 2003 – March 2005

Designed and produced all aspects of NASA Ames Educational Technology (AET) web sites. Generated print materials for AET products. Researched, wrote, and edited content for AET products. Coordinated and conducted user-testing and evaluation of AET products. Supported programming of AET products.

### Senior Web Producer and Project Manager Mainsail Interactive Services Berkeley, CA

October 1999 – June 2003

Produced and maintained front-end code for all agency web sites. Integrated back-end code and graphic design while maintaining code integrity and functionality. Created and documented editorial style and technical specifications for all projects. QA tested all web sites. Tracked, managed, and allotted company resources and budgets. Wrote and edited proposals, press releases, and newsletters. Maintained daily contact with all company clients. Compiled weekly and monthly web statistics and usage reports.

### Lead Information Resource Specialist Eden Information & Referral, Inc. Hayward, CA

November 1998 – October 1999

Developed and maintained agency web sites. Created and managed agency databases. Created, published, and distributed Alameda County social service resource guide. Generated targeted publications on demand from database information. Staffed and operated Alameda County housing and resource phone lines. Managed Information Resource staff.
